EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Glenn Snyder on November 9, 2005.

IN THE CLAIMS

Replace claim 17 with the following claim.

17. A network device, comprising:

- a plurality of memory banks configured to store data units;
- a plurality of request engines configured to generate write requests, the write requests each including at least one data unit;
- a plurality of memory controllers, each memory controller being configured to:
 - receive a write request,
 - determine where to store the data unit included in the write request using an address register associated with the memory controller,
 - store the data unit at a location identified by an address in the address register, and
 - transmit a reply message identifying the address where the data unit is stored; and
- logic configured to:
 - receive the reply message, and

Art Unit: 2189

determine whether the address where the data unit is stored differs from an address included in at least one other reply message by at least a first value.

Allowable Subject Matter

Claims 1 – 33 are allowed.
